

Air / Hydraulic Pump

10,000 lb capacity

- Heavy –duty aluminum reservoir
- All metal internal moving parts
- Treadle may be operated by foot or hand
- Built in safety relief valve
- 2.5 liter capacity

Air pressure range	25 – 125psi
Max. hydraulic pressure	10,000psi
Oil flow @ 100psi	48 cubic in/min
Oil flow @ 10,000psi	7 cubic in/min
Reservoir capacity	150 cu.in

Usable oil horizontal mount	128 cu. in
Usable oil vertical mount	109 cu. in
Hydraulic port outlet	3/8" – 18npt
Operating noise level	70 dba
Air consumption at 100 psi	238 per min
Hydraulic hose length	98.5"
